

## Over Getting Over

Fleur East

Feeling better, looking better, I'm on high  
What, wanna wait for, you're no promise at  
I know that you miss it, have to kiss you goodbye  
I never felt so good in all my life  
Bright lights from 9 to 5 AM  
Waking up just to do it all again  
Oh my heart, oh beat, beat  
Oh goes on, oh

No tears to cry, baby I'm over, over getting over you  
Gonna sleep tonight, baby I'm over, over getting over you  
Where we at, came a way your time with that  
I'm not looking back, in a way got time with that  
No no, I'm over getting over you

That's an old anthem till I lose my breath  
Yeah, and in a good time I'm too young to stress  
Never knew love until you love yourself  
Well, and if you get that, walk into your left  
Bright lights from 9 to 5 AM  
Waking up just to do it all again

Oh my heart, oh beat, beat  
Oh goes on, oh  
No tears to cry, baby I'm over, over getting over you  
Gonna sleep tonight, baby I'm over, over getting over you  
Where we at, came a way your time with that  
I'm not looking back, in a way got time with that  
No no, I'm over getting over you

Oh my heart, oh beat, beat  
Oh goes on, oh  
No tears to cry, baby I'm over, over getting over you  
Gonna sleep tonight, baby I'm over, over getting over you  
Where we at, came a way your time with that  
I'm not looking back, in a way got time with that  
No no, I'm over getting over you
