

Let It Go

Floater

That face that you don't show
That father you don't know
That feeling in your throat from covering the lies you told
I'm standing on the pier, smiling from ear to ear
I shout but you don't hear me at all
Well, I know you just don't need this anymore
You know you just don't need this anymore
And I know that at first it's gonna hurt
Even so, let it go
The world around you turning and everything is burning

The sad things you're learning break your heart
I'm standing on the pier, smiling from ear to ear
I shout but you don't hear me at all
I know you just don't need this anymore
And you know you just don't need this anymore
And I know that at first it's gonna hurt
Even so, let it go
Just let it go, yeah, just let it go
