

## You Taught Me

Floater

You taught me everything I wanted to know about the way to unwind

And I'm beginning to think maybe I should show you there is something down the line

Well it was all about intoxication, all about this new sensation, it's all my imagination

'Cause it don't mean nothing to you

Don't mean nothin' to you

It don't mean nothing to you

Don't mean nothin' to you

You ain't mine. You ain't easy

You owe me nothing. You're taking all my self control

You ain't mine. You ain't easy

You owe me nothing. You're taking all my self control

It was about intoxication, all about this new sensation, all my imagination

But it don't mean nothin' to you

Don't mean nothin' to you

It don't mean nothing to you

Don't mean nothin' to you
