Rattle The Cage

Flobots

I can't get my computer to boot cancel everything
There's an active shooter on a new campus everyday
What's that hafta do with me, my movement would never take
Anybody's life
What I hafta do to prove it to you? Whatever, say:
We are not alike
We are not alike
Look at me look at you
I can see what you do from the evil I separate
Look at you look at me I maneuver and flee from you people I segregate
Get it straight
We are not alike I don't peddle hate
I just go to the booth and I meditate
And I breathe and I eat and I puke and I defecate

Don't rattle the cage if you wanna come out
Don't rattle the cage if you wanna come out

Fire in the sky
Masses at the border
Shadows in the night
Faces of disorder
Rivers made of blood
Skeletons in closets
Bodies in the mud
Torturers on crosses
Wretched of the earth
Undeserved sentence
Reckoning of curses
Long awaited vengeance
Executed messengers piled up upon the entrance
Clamor of the stenches threaten overwhelm the senses

Don't rattle the cage if you wanna come out
Don't rattle the cage if you wanna come out
Don't rattle the cage if you wanna come out
Don't rattle the cage if you wanna come out

There's an active shooter on the news and I speculate
That it has to do with something you bastards said today
See your attitudes and backwards views they miseducate
It is not all right
All the chatter you decide to spew when you agitate
Til they slaughter life
It is not all right
You're not speaking the truth I can see what you do to the people make them
afraid
Look at you look at me
See your movement is evil we need to eradicate
Get away
It is not all right that you peddle hate
You're the reason I rally and rattle cage
Cause you're leavin the people not breathing and dead afraid

We rattle the cage cause we wanna come out

In the war against fear

We rattle the cage cause we wanna come out

We are on the same side

We rattle the cage cause we wanna come out

In the war against fear

We wanna come out

We are on the same side

We rattle the cage cause we wanna come out

That's why we rattle the cage
That's why we rattle the cage
