

The Worst Day Since Yesterday

Flogging Molly

C G C G
Well I know, I miss more than hit
C G C G
With a face that was launched to sink
C G Ami F
An' I seldom feel, the bright relief
C G C G
It's been the Worst Day Since Yesterday

If there's one thing I have said
Is that the dreams I once had, now lay in bed
As the four winds blow, my wits through the door
It's been the Worst Day Since Yesterday

Fmi C
Fallin' down to you sweet ground
Fmi
Where the flowers they bloom
C G
Well It's there I'll be found
C G Ami F
Hurry back to me, my wild Colleen
C G C G
It's been the Worst Day Since Yesterday

Though these wounds have seen no wars
Except for the scars I have ignored
And this endless crutch, well it's never enough
It's been the Worst Day Since Yesterday

Hell says hello, well it's time to I should go
To pastures green, that I've yet to see
Hurry back to me, my wild Colleen
It's been the Worst Day Since Yesterday
