

# Demolition Man

Flotsam and Jetsam

I'll tear it down, I don't care what it is  
It's all the same to me 'cause I'm fukin' destructive  
I consume rubble like it's water and air  
I'll tear it down to the ground like it was never there  
And I love the smell of dust from a tumbling place  
The rumble, from the grumble, underneath my feet  
And the power over something, power to destroy  
I've got a smile on my face, 'cause I am overjoyed

Demolition man  
Tearing down walls and excavating  
Demolition man  
I'm a wrecking ball, stay out of my way  
Demolition man  
Near the caution line I spend my time  
Demolition man  
Push the button down and bring it to the ground

When I look up, I see the falling walls  
The sky coming down and crushing it all  
And not even the devil can survive the pain  
When my soul crushing demolition ends the game  
I will take history right down to the earth  
And leave a scar for the future to begin rebirth  
Concrete, steel, brick, beams and stone  
It all came down like a card house blown

Demolition man  
Tearing down walls and excavating  
Demolition man  
I'm a wrecking ball, stay out of my way  
Demolition man  
Near the caution line I spend my time  
Demolition man  
Push the button down and bring it to the ground
