

I'm deadly drunk
I drown my sorrow in drink
Just one more sip
Before get lost

That's all I've got
The devastated soul
The wasted life
It's not a waste, NO!

No life is simple
It's living off a card
So strong to hate it
I've tried but my God passed me by

Lost in my mind
Hold myself in my hand
I hold my fate
In closed fist

I sit and stare
The last of vodka's gone
And empty walls
Are pushing me NOW

No life is simple
It's living off a card
So strong to hate it
I've tried but my God passed me by

This time in my life I'm weak
It's heart outside yet I'm cold
I seek the answers too but
Who will help me to make me old

Every day I've got to hold on
Every day I've got to move on
Every day I've got to be strong
Every day I've got to belong

Sacrifice (3x)

No life is simple
It's living off a card
So strong to hate it
I've tried but my God passed me by
