

My Destination

Flymore

Hello. Hello.
My destination.
I've come this far along
(run this way)
Hello, hello.
My devastation
I've left regrets behind
(because I'm going to stay)

Everything is ok
Won't give it up not even to go
Away from here
(I'm not going to go)
Everything is ok
Won't give it up not even to know
About this place
(I'm not going to blow)

Hello, hello.
My devastation.
Too many broken dreams
(You've got to pay)
How long, how long
My destination
Will I belong this place because
(I'm going to stay)

Everything is ok
Won't give it up not even to go
Away from here
(I'm not going to go)
Everything is ok
Won't give it up not even to know
About this place
(I'm not going to blow)

I wish I have someone to share
The pain inside
I wanna heal
But I have got no one to blame
I shut my eyes
This place is mine

Everything is ok
Won't give it up not even to go
Away from here
(I'm not going to go)
Everything is ok
Won't give it up not even to know
About this place
(I'm not going to blow)
