

# My Last Goodbye

Flymore

Time heals all pain but my clock has stopped  
I feel it suffocating  
And totally I'm hated  
I feel pain and it never goes away  
I wish my life behind me  
Could have someone  
Who could stop me this day

Pain makes me smile  
Something I haven't done for a while  
I feel my time has come to be gone  
My last goodbye

I'm done  
So I take a knife and take a sit  
I'm done  
I just let my knife let my wrist slit  
Squeeze the wound to let it  
Bleed to feel the pain that's all I need  
I'm done  
I let blood come out I scream and shout

Why am I always pushed with my back  
Against the wall standing on  
The edge just about to fall  
I haven't felt this way in a long time  
I wish my life behind me  
Could have someone  
Who could stop me this day

Pain makes me smile  
Something I haven't done for a while  
I Feel my time has come to be gone  
My last goodbye

I'm done  
So I take a knife and take a sit  
I'm done  
I just let my knife let my wrist slit  
Squeeze the wound to let it  
Bleed to feel the pain that's all I need  
I'm done  
I let blood come out I scream and shout

My life is getting down (3x)  
My life is  
My life is getting  
My life is getting down

Pain makes me smile  
Something I haven't done for a while  
I feel my time has come to be gone  
My last goodbye

I'm done  
So I take a knife and take a sit  
I'm done

I just let my knife let my wrist slit  
Squeeze the wound to let it  
Bleed to feel the pain that's all I need  
I'm done  
I let blood come out I scream and shout  
  
I'm done (x2)
