

## Night Shift

Foghat

Working on a night shift, high on a 'fore day drive  
I'm energized from sundown to sunrise, and I'll sleep from nine  
to five  
Shadows fallin' all down the line  
Get ready 'cause it's night shift time

Living, loving, searching high and low,  
Feel the fire, I'm hooked to a live wire, and I can't let go  
I got a feeling that I can't mistake  
Sun rises and I'm still awake

I'll play my music - I don't mind working over time  
And if I lose it, I'll come to you and you'll give me peace of  
mind

I get home early in the morning, I love to get next you  
You touch me and you thrill me, you know what to do

Working on a night shift, you tell me something's got to give  
I don't mind 'cause I'm feelin' fine, and I love the life I liv  
e  
Shadows fallin' on down the line  
Get ready, 'cause it's night shift time
