

# Soldier Of Rome

Folkodia

Suctonius stands  
Facing Boudicca  
The 14th Gemina  
'Gainst the Briton horde...

"I'm a solder of Rome -  
I will not yield!  
I will earn in blood  
The legion's Martia!"

"Fear not their cries  
Nor their empty threats:  
Unwarlike, the barbarians  
Shall soon come to know  
The iron swords of death  
Of their conquerors  
That have routed their host  
So of ten in the past..."

"I'm a soldier of Rome -  
I will not yield!  
I will earn in blood  
The legion's Martia!"

"There is glory here  
For every man to win:  
Hold the Aquila high  
Lock your scuta tight!  
No mercy will be shown  
On this field today -  
Fight as one brothers brave!"

"I'm a soldier of Rome -  
I will not yield!  
I will earn in blood  
The legion's Martia!"
