

# Determination

For Today

This is sacrifice  
No surrender, no compromise  
Pain is the price you pay

Destined to try  
Carrying courage like a fire in side  
We walk the path of determination

Destined to try  
Through the flames, you'll see conviction rise  
We walk the path of determination

Time will tell  
Show me devotion, cause talk is cheap  
Time will tell  
We won't be broken - this is destiny

Our position will come  
Press on! Press on!

The pain is the price you pay  
To be stronger tomorrow than you are today  
The pain is the price you pay  
To be stronger tomorrow than you are today

Make no mistake  
This is the price you pay  
Count the cost, count the cost  
Let nothing stand in your way  
Make no mistake  
This is the price you pay  
Count the cost, count the cost  
Let nothing stand in your way

Give it all, this is sacrifice  
No surrender, no weakness, no compromise  
Step up!  
Count the cost and pay the price  
Give it all, give it all  
This is sacrifice

Destined to try  
Carrying courage like a fire inside  
We walk the path of determination

Destined to try  
Through the flames, we'll see conviction rise  
We walk the path of determination

No surrender! No compromise! Go!  
No surrender! Press on! No compromise!  
No surrender! Press on! No compromise!
