## Forbidden

I am - hand of the elite, you know who  
I am - winds of tyranny, too close to see  
Power of the mob won't set you free  
Thin the heard to save humanity  
Soft kill solution - deadly swine  
Righteous pig divine

I am the savior, calculated killer I am swine

They lie - truth resides beneath the surface  
They hide - winds that carry me, too close to see  
Born with-in-a trough, the filth you breath  
Thin the heard to save humanity  
Soft kill solution - deadly swine  
Righteous pigs design

I am the soldier relentless and indifferent in the mind  
I am the savior calculated killer I am swine

Dispose of the useless eaters  
Malevolents line up to die  
Mountain of disbelievers  
Infected, now die

Souls tell their stories, witness to the end  
Witnessing the end
