

Drowned by Guilt

Forest of Shadows

... and there I was
In the cold black water
Struggling,
Like so many others
But now
It was just me
All alone
All alone
I felt my weakness
My nemesis
Staring at me with no remorse

As if somehow guilty
And sentenced to death

... and there I was
In the cold black water
My pale dead body
And there I was
Drifting on the waves
Drowned
Drowned
