

Yours to Devour

Forest of Shadows

Mine is yours,
But yours can never be mine
I often stare into your eyes
Reaching out with my distress
Trying to speak of this injustice

Mine is,
And was always,
Yours
It was never a matter of choice
As I did not have the capacity
To refuse your claims
Of being your property
I am nothing but your captive
A unit
A weight
A product
You dress me up in lies
And sell me to the world
You claim to show compassion
And treat me with respect
Still,
My life is in your hands
My life is yours to take

Here I am at your disposal
To fulfill your carnal pleasures
My suffering a prerequisite
I am here to satisfy
Your untamed will
To devour my flesh
Here I am
Here I am
Now, then and forever on
Awaiting
Awaiting
Now, then and forever on
Awaiting

I know you will put me out
Whenever you see fit
There will be no mercy
And no signs of regret
I am here to satisfy
Your untamed will
I am here to satisfy
Your untamed wil
To devour
My flesh
