

# La La Lainey

## Forever the Sickest Kids

She was in to hardcore, I was in to rock and roll  
She was in to girls it was her own form of birth control  
She was smoking cigarettes and drinking before 5  
She was wild, she was fine with being hungover all the time

Come on!

She was always at a party disappointing daddy,  
Always dating dirtbags, everyone but me she had  
Lyrics from her favorite song tattooed on her arm  
She was rough, she was fine, she was way out of her mind

I love her like La La La La La La La La La...  
I love her like La La La La La La La La La...  
I love her like hate, I love her like pain,  
I need her like a picnic needs the rain  
I love her like La La La La La La La La La...

She loved drinking whiskey first thing in the morning,  
She would start a fight, if you looked at her the wrong way  
Everyday was Halloween a reason to rebel,  
She was wild, she was fine with being bitter all the time

I love her like La La La La La La La La La...  
I love her like La La La La La La La La La...  
I love her like hate, I love her like pain,  
I need her like a picnic needs the rain  
I love her like La La La La La La La La La...

La La La La La La La La La...  
La La La La La La La La La...

I love her like La La La La La La La La La...  
I love her like La La La La La La La La La...

She was smoking cigarettes and drinking before 5  
She was wild, she was fine with being hungover...

I love her like La La La La La La La La La...  
I love her like La La La La La La La La La...  
I love her like hate, I love her like pain,  
I need her like a forest needs a flame  
I love her like rage, I love her like shame  
I need her like a victim needs the plague  
I love her like La La La La La La La La La...
