Join the rest of the world,
C **G**
in the dome of the new morning.

F **G** **Am**
Strange eyes wandering,
C **G** **F**
the night has come.
F **G** **Am**
We're all under the ground,
C **G** **D**
can't be found.

Am
R: Night owls early birds,
C
wide-eyed looking like you're under the curse
G
Save me, save me,
F
go underneath the ground.
Am
Wild fire's army birds,
C
like I'm wet for words
G
Save me, save me,
F
go underneath the ground.

Am **C**
2. Let the young hearts fool around, break away,

they make mistakes, and live for them.
Am
Let the fire in the city burn,
C **G**

Strange eyes wandering,
the night has come.
We're all under the ground,
can't be found.
