

Forever Together

Foxy Shazam

When I go on tour my son always tells me
wish he had a normal dad
Just like all the other 9 to 5's he don't
understand what it is to be in a band in
rock n' roll land
They don't understand
Before I go on tour he always looks me in
the eye, makes me feel real bad, he says

Don't bid me farewell
Don't tell me good-bye
Please be here tomorrow when I wake up
Forever together, that's what we'll be
Forever together, just you and me

Stay up late, drinking wine with my
friends and spill purple all over my shirt
We down to the funny show, sit in
front row, and try to laugh away the hurt
But they don't understand
At the end of the day it's not funny, I miss
my family far away

Don't bid me farewell
Don't tell me good-bye
Please be here tomorrow when I wake up
Forever together, that's what we'll be
Forever together, just you and me

You wouldn't know it to look at me but
there's a constant battle raging inside
It's so hard to live these two lives
Hello Dr. Jekyll
Hello Mr. Hyde
We don't understand
Travel's said to broaden the mind, I'm
just losing mine
