

Have Me Maria

Foy Vance

Have me Maria
Darling I see you

I ebb into your eyes
And flow out like the tide
To lose myself in the smile
That keeps all my fears at bay

If we get another sunset
I can tell you just what you will get
Every single thing that as of yet
I've hidden away
I'd give you everything

Don't leave me lonely

Only you know me

I ebb into your eyes
And flow out like the tide
To lose myself in the smile
That keeps all my fears at bay

If we get another sunset
I can tell you just what you will get
Every single thing that as of yet
I've hidden away
I'd give you everything

Have me Maria
