

Three Days in Jail

Fozzy

Voices used to caution me
Now they've all abandoned me
No shame or guilt to hold me down
Until I'm 6 feet underground

Face to face with my demise
Masked behind so many lies
I set my sights to self destruct
I pull the pin and blow it up

I own this misery
I'll take the fall
So throw away the key

Here I go spinning out of control
At the end of my rope
(Now I'm sitting in a cell like a time bomb ticking
One, two, three days in jail)
All alone only one way to go
From the bottom I know
(Now I'm sitting in a cell like a time bomb ticking
One, two, three days in jail)

I've accepted I've done wrong, my back against the wall
Trapped behind the bars, middle finger to the guards
I obey no laws, streets probably safe now
Throw away the key, I've accepted I'm on lockdown
No phone calls or letters
People throwing shade similar to umbrellas
But it ain't Rihanna just a whole bunch of felons
Pumping up they chest thinking they hardest villains

Gotta be a menace, bout to snap
I ain't talking bout a image or video
Y'all don't wanna even see me tho, I'm a menace to society
One self-destructive individual

I own this misery
I'll take the fall
So throw away the key

Here I go spinning out of control
At the end of my rope
(Now I'm sitting in a cell like a time bomb ticking
One, two, three days in jail)
All alone only one way to go
From the bottom I know
(Now I'm sitting in a cell like a time bomb ticking
One, two, three days in jail)

My black, my hate, my hurt, my bait
My drug, my lie, my test, my fall, my pride
My play, my game, my fear, my fame
My road, my rage, my bars, my walls, my cage

I own this misery
I'll take the fall

So throw away the key

Here I go spinning out of control

At the end of my road

(Now I'm sitting in a cell like a time bomb ticking

One, two, three days in jail)

All alone only one way to go

From the bottom I know

(Now I'm sitting in a cell like a time bomb ticking

One, two, three days in jail)

Three days in jail

Three days in jail
