

# Royalty

Francesca Battistelli

From rejected to accepted  
From forgotten to remembered  
From the victim to the victor  
Who we are is not the same  
And it changes night and day

No longer orphans, now sons and daughters  
Worthy and wanted, we belong

We are, we are, we are, we are  
Crowned in dignity  
We are, we are, we are, we are  
Heirs to majesty  
We're made for victory  
We're given authority  
To reign like kings and queens  
We're royalty  
We are, we are, we are, we are  
We're royalty  
We are, we are, we are, we are

From abandoned to exalted  
From so broken to beloved  
From the shadows to the light  
From the dead, brought back to life  
Who we are is not the same  
And it changes night and day

No longer orphans, now sons and daughters  
Worthy and wanted, we belong, yeah

We are, we are, we are, we are  
Crowned in dignity  
We are, we are, we are, we are  
Heirs to majesty  
We're made for victory  
We're given authority  
To reign like kings and queens  
We're royalty  
We are, we are, we are, we are  
We're royalty  
We are, we are, we are, we are

Every lie beneath our feet  
When we see the way You see  
We know we are chosen and redeemed  
(Chosen and redeemed, chosen and redeemed)

We are, we are, we are, we are  
Renamed, adopted in  
We are, we are, we are, we are  
Kings in a kingdom with no end  
We are, we are, we are, we are  
Crowned in dignity  
We are, we are, we are, we are  
Heirs to majesty  
We're made for victory

We're given authority  
To reign like kings and queens  
We're royalty (we are, we are)  
We're royalty (we are, we are)  
We're royalty (we are, we are)  
We are, we are, we are, we are  
We're royalty  
We are, we are, we are, we are
