

# All Over the World

Françoise Hardy

All over the world  
People must meet and part  
There's someone like me  
Feeling a pain in their heart

Some may meet again  
Under that same bright star  
If maybe some night  
You come back from afar  
Who cares if tonight  
I don't know where you are

Are you thinking of me now  
Missing having me around  
If you have forgotten me  
My world will come tumbling down

All over the world  
Others are sad tonight  
There's someone like me  
Watching the sun's fading light

All over the sky  
There is the same warm glow  
Here under that star  
I'm wanting you to know  
Wherever you are  
That I still love you so
