

## Jane the Queen of Love

Frank Black

Once my dear is not enough  
Let me tell you about Jane she's the queen of love  
She's the queen of love and she's the bane  
Of we who know wherever she goes she will reign  
She will reign (2x)  
She reigns  
Jane, she's the queen of love  
Jane, she makes bumblebee love  
You are the only one  
Yeah that's just what you are  
I've been so blue  
Sleeping till noon, darling  
Watching cartoons  
But I could not ease the pain  
I hear the phone line  
And I hope that isn't you  
Jane, she was my only love  
Jane, and though our love is done  
You are the only one  
Yeah that's just what you are  
Jane, she's the queen of love  
Jane, she makes busybee love  
You are the only one  
Yeah that's just what you are  
You are the only one  
Yeah that's just what you are (2x)
