

## Give Her Love

Frank Sinatra

Give her sunshine in your smile  
Give her pleasure all the while  
Turn her thoughts from clouds of gray  
Give her strength to face each day

Give her laughter be her friend  
Stay beside her till the end  
But, in giving all else above,  
Don't forget to give her love

[instrumental-first two lines of second verse]

But, in giving all else above,  
Don't forget to give her love
