

Donnybrook

Frankie Valli

Follow, follow the clover
'Till we get over
The trouble we've won
Come with me
And wallow, come wallow in hither
Explore it together
The weather will warm

Lets not waste these precious days in Donnybrook
Let us retaste the wine and love again
Lets not waste these precious days in Donnybrook
Let us retaste the wine and love again

Softer you, the softer the pillow
The more weeps the willow
To hurry you home

Lets not waste these precious days in Donnybrook
Let us retaste the wine and love again
Lets not waste these precious days in Donnybrook
Let us retaste the wine and love again

Oh, lets not waste these precious days
