

He Sure Blessed You

Frankie Valli

You are the sun on a rainy day
Shinin' right through

I'll bet it sure made your mama smile
The day she set eyes on you
I know it only took just a while
Before she knew
He sure blessed you
(Pretty baby)

You've got the look that could make me stay
As long as you want me to
You are the sun on a rainy day
Shinin' right through
He sure blessed you

Sure blessed you
Yes, he sure blessed you

The smile you wear on a shopping spree
Your dancin' eyes dressed in blue
Those special moments you've given me
More than a few

He sure blessed me
He sure blessed me
(He sure blessed me)

With you

He sure blessed me with you
