

# I Can't Live a Dream

Frankie Valli

The day that you went away  
Life was so empty  
All I had left was your memories  
Livin' it seems  
What was left of the dreams  
Or dream of the way it used to be

Oh I can't live a dream  
Anymore than I can't live forever  
Anymore than I can't climb a ladder to the sun  
Oh I can't live a dream  
Anymore than I can't move a mountain  
Anymore than I can't live my life without you

All of these things are gone  
Leavin' me lonely  
All of the nights of lovin' you only  
Oh, I spend my time  
With one thing on my mind  
Just closin' my eyes  
Dreamin' of you

Oh I can't live a dream  
Anymore than I can't live forever  
Anymore than I can't climb a ladder to the sun  
Oh I can't live a dream  
Anymore than I can't move a mountain  
Anymore than I can't live my life without you

Oh I can't live a dream  
Anymore than I can't live forever  
Anymore than I can't climb a ladder to the sun  
Oh I can't live a dream  
Anymore than I can't move a mountain  
Anymore than I can't live my life without you
