

# Heartbeat

Frankmusik

You drive me wild, just like an animal  
I'm lost without your love  
And now we've found that when our bodies meet  
Our feet don't touch the ground

I can feel our hearts beat perfectly together  
Every moment feels like the last  
Hearts beat, wish that it'd last forever  
With you, yeah, time seems to go so fast

The way you move it's everything you do  
That makes me touch the moon  
Then you open my eyes to see  
There's nothing to compare, just what you do to me  
There's nothing we can't be, oh yea

I can feel our hearts beat perfectly together  
Every moment feels like the last  
Hearts beat, wish that it'd last forever  
With you, yeah, time seems to go so fast

Never giving up, never giving up  
What we have together  
Never giving up, never giving up  
And everything we had  
Never giving up, never giving up  
What we have together  
Never giving up, never giving up  
And everything we had

Come with me, take my hand  
Hold it close, baby don't look back  
Come with me, take my hand  
Hold it close, baby don't look back  
Come with me, take my hand  
Hold it close, baby don't look back  
Come with me, take my hand

I can feel our hearts beat perfectly together  
Every moment feels like the last  
Hearts beat, wish that it'd last forever  
With you, yeah, time seems to go so fast  
Time seems to go so fast  
time seems to go so fast
