

# Mistress

Frankmusik

Girl I'm aching  
For you to wake up  
Oh, my hands are shaking  
I don't want you to stop, oh

And I've been waiting for you to come home all night  
(Oh, I've been waiting, I've been waiting, waiting)  
And how am I supposed to do this with you out of sight  
(Out of sight, sight, oh oh)

Tell me all of your confessions  
And I'll tell you all of mine  
Baby give me your permission  
And promise me you'll play nice  
Explain how you wanna do this  
Then I'll see if I'm confused  
Can't you see I want a mistress  
Cause I'm loving all the things you do

I'm loving, loving, loving  
The things you do  
I'm loving, loving, loving  
The things you do  
I'm loving, loving, loving  
The things you do  
I'm loving, loving, loving, loving  
The things you do

And I've got too much controlling my life  
(Got too much controlling my life)  
So put me on my knees just like I want you to be my wife  
(Yeah, yeah, yeah)  
And secretly I'm hoping be your envious  
(I think be envi, envious)  
And there's so much we could share with [?]  
(Just lookin' right, right, oh oh)

Tell me all of your confessions  
And I'll tell you all of mine  
Baby give me your permission  
And promise me you'll play nice  
Explain how you wanna do this  
Then I'll see if I'm confused  
Can't you see I want a mistress  
Cause I'm loving all the things you do

I'm loving, loving, loving  
The things you do  
I'm loving, loving, loving  
The things you do  
I'm loving, loving, loving  
The things you do  
I'm loving, loving, loving, loving  
The things you do

I'm loving the things, loving the things  
Loving the things you do

I'm loving the things, loving the things  
Loving the things you do  
I'm loving the things, loving the things  
Loving the things you do  
Oh yeah love the things you do
