

Overdrive

Frankmusik

What a surprise
I've done it again
Waited so long, so long, so long
And how did it start?
Going so wrong
Another hit
To keep me hanging on

Take me up, up again
Searching for the one lasting, never end
And I can't last but I'll try
Baby can you take me to overdrive
Oh, one last time

Take me away
Take me away
Take me away
Away from here

Take me up, up again
Searching for the one lasting, never end
And I can't last but I'll try
Baby can you take me to overdrive
Oh, one last time

Just take me up, up again
Searching for the one lasting, never end
And I can't last but I'll try
Baby can you take me to overdrive
Oh, one last time
