

People Go

Frankmusik

Something's different
Yeah I can feel it
But I can't figure what it is
It's something bigger
Than I imagined
A conspiracy persists

'Cos I remember when
Everything was fine
People walking round the world
With little on their minds
And now we're scared to talk
Need permission please to walk
No I don't want to play this game no more

Where did all the people
Where did all the people
Where did all the people go?

Where did all the people go?
Where did all the people go?
Where did all the people go?
People go people where where
Where did all the people go?
Where did all the people go?
Where did all the people go?

Nowhere
Keep on running
Nowhere
Keep on running
Nowhere
Keep on running
Nowhere
(Where did all the people go?)

Yeah I can see you
But I can't hear you
There is something in the way
And it ain't clear
If it's all fear
And is it all real just like they say

I want to see the world
And see the sea again
We're looking out for who
We're looking for our friends
You want to feel the sun
On your face again
But something seems to tell me
They don't want this to end so

Where did all the people
Where did all the people
Where did all the people go?

Where did all the people go?

Where did all the people go?
Where did all the people go?
People go people where where
Where did all the people go?
Where did all the people go?
Where did all the people go?

Nowhere
Keep on running
Nowhere
Keep on running
Nowhere
Keep on running
Nowhere
(Where did all the people go?)
(Where did all the people go?)

Where did all the people go?
Where did all the people go?
Where did all the people go?
People go people where where
Where did all the people go?
Where did all the people go?
Where did all the people go?

(People)
Nowhere
Keep on running
Nowhere
Keep on running
(People)
Nowhere
Keep on running
Nowhere
(Where did all the people go?)
(People)
