

The Way

Frankmusik

I like the way
(You're making me feelin')
I like the way
(You're making me feelin')
Oh Oh

I've been chasing my tail round in circles
Making my world what it ain't
And only creating more hurdles
Am I driving myself insane?

I think you gave my heart a leg up
Now my happiness ain't out of reach
Someone call A&E 'cos I'm love struck
Only one cure for me

So gimme a chance now
Just gimme a chance
Just gimme a chance now
'Cos I like the way
You're making me feelin'
Yeah, I like the way
You're making me feelin'
Oh

You got me high up here
Touching the atmosphere
I don't wanna touch the ground
Oh what's your name again
Can't we be more than friends
Seems you got my heart locked down
Down

And give me just a minute to assess the situation
'Cos I am ain't impressed
My heart is in a conflict can I call United Nations
Oh that's what I said

'Cos I could be your fella
Yeah you know I'm down whatever
Whatcha say we go and hit the town?
I'm a piece of string
While you're a little finger
Watch me go and get wrapped around
You

So gimme a chance now
Just gimme a chance
Just gimme a chance now
'Cos I like the way
You're making me feelin'
Yeah I like the way
You're making me feel

You got me high up here
Touching the atmosphere
No I don't wanna touch the ground

Oh what's your name again
Can't we be more than friends
Seems as you got my heart locked down

Like the way I'm feelin'
The way you got me feelin'
I like the way I'm feelin'
Do you like the feelin' too?
I like the way I'm feelin'
The way you got me feelin'
I like the way I'm feelin' yeah
Like it now
Like it now
