

You know me well
Much better than myself
But now you left

Take your time
I won't forget
I'll just be right here
Going out my head

Where'd you go?
Where'd you go?
Baby, where'd you go?
Where'd you go?
Wanna go another round

The day you left
I couldn't help myself
I lost my way

But now I won't let that happen again
Can't let that happen again
Oh, I'm needing to have you back
Baby, won't you say you're coming back?

Where'd you go?
Where'd you go?
Baby, where'd you go?
Where'd you go?
Wanna go another round

Give me a chance
To win you back
Give me a look
One last time
Ooh...
Oh yeah, yeah

Baby, where'd you go?
Where'd you go?
Baby, where'd you go?
Where'd you go?
Wanna go another round

Oh
Where'd you go?
Where'd you go?
