

I Wanna Know Your Ways

Fred Hammond

Here I stand before you
Your glory is here
And it fills this place
And I'm willing to
Do what I must just to know your ways

Everything, I've attained
And all I know, I'd give it away
Just to Know you Lord
Would fulfill my whole life
So I'm glad to say

I want to know your ways
So I can please you each and everyday
If I've found favor in your sight
Teach me your ways, your ways

I boast, not in my self
Or the things I've learned
Lord you know it's true
But I seek after one thing
To know your ways
Then I will know you

Everything, I've attained
And all I know, I'd give it away
Just to Know you Lord
Would fulfill my whole life
So I'm glad to say

Everything, I've attained
And all I know, I'd give it away
Just to Know you Lord
Would fulfill my whole life
So I'm glad to say

I want to know your ways
So I can please you each and everyday
If I've found favor in your sight
Teach me your ways, your ways

In your power
Resurrection
As you suffered
In your power

In your power
Resurrection
As you suffered
In your power
