

One More Try

Fred Hammond

Lets try this once again
Don't let it come to an end
For if we just let it go we'll never know what it could be
Lets make it one more try at love

Lets say we will again
Never be untrue again
For if we say it's lost
There goes our once upon a dream
Lets make it one more try at love
One more one more try

Don't let our love come to an end
Have faith in us again
Let us share a tender warm embrace
Til all our tears are gone
Lets make it one more try at love
One more one more try

One more
Can we give it one more try
Can we give it one more
Cause I love you
And I know you love me

One more try
