

We Are More Than Able

Fred Hammond

Let's face the facts, hey yeah
With their spirits hopeless, bruised and broken
So much we lack
More defeated words have not been spoken
Out of twelve who stood to speak their mind
The report was filed by ten
But the last two stood with quite a different spin
They said I don't agree with those who say
In our own eyes we are small
For we serve a true and living God
And He is the Lord of all

And if He said the land is ours then we
Should move ahead with no delay

(You know that we) We are more than able
(You know that we) We are more than able
(You know that we) We are more than able
Yes we are

When asked to give
A true assessment for the task before you
Stop and re-live
The many ways His mighty arms has brought you through
Remember every lion's den
And don't forget your last red sea
Know with God there's endless possibilities
So let us see ourselves as those can
Even if we can't see how
Let us see and dream, possess and build
Even if giants live there now

'Cause if He says the land is ours then we
Should move ahead with no delay

We are more than able
(Come on, you know that we) We are more than able
(You know that we) We are more than able
Yes we are, yes we can, yes we will, 'Cause we're more
We are more , we are more

Yes we are say, yes we are say
With the Lord on our side we can do it, yeah
Yes we are say, yes we are say
With the Lord on our side we can do it, yeah
Yes we can say, yes we can say
With the Lord on our side we can do it, yeah
Yes we can say, yes we can say
With the Lord on our side we can do it, yeah
Yes we will say, yes we will say
With the Lord on our side we can do it, yeah
Yes we will say, yes we will say
With the Lord on our side we can do it, yeah

More than able, we are more than able
More than able, more, more than able, more
Yes we are, yes we are, yes we are, yes we are, so much more
