

# When You Praise

Fred Hammond

When you praise, when you praise,  
There should be a fire in your heart.  
Hands up raised, when you praise,  
Consuming every part because you know  
The GOD we serve will make  
His presence known, when you praise,  
When you praise.  
(2x)

When we think of how wonderful  
And merciful and kind  
Our GOD has been to us.  
Then we know every glory hallelujah  
He deserves, when we praise  
(back to chorus 1)

Praise will bind, confuse  
And break the enemy.  
And cause his hands to be still.  
So we raise our hands in total victory  
We know we triumph in his will.

(woman sings chorus 1)  
When we praise, when we praise,  
There should be a fire in your heart.  
Hands up raised when you praise,  
Consuming every part because you know  
(chorus)the GOD we serve will make his presence known.  
Oh, when we praise, when we praise, when we praise.

(fred sings chorus 1)  
Let us praise, let us praise  
With fire in our heart  
Hands up raised let us praise  
Consuming every part because you know  
The GOD we serve will make his presence known.

(choir w/fred)  
When we praise, when we praise, when we praise  
When we praise, when we praise  
There is none like you  
When you praise, when we praise, when we praise  
When we praise, when we praise  
Our GOD is an awesome GOD yeah  
When we praise, when we praise, when we praise  
When we praise, when we praise  
Bless the lord oh my soul(repeat X2)

You can put your hands in here tonight if you want to  
(continue to "living word")
