

Your Love Is

Fred Hammond

Beyond what I can think
You go beyond my hopes and highest expectations
The love You've shown on Calvary
Forever, always
Pursuing me
Relentlessly
I'm crying please

Open up the heavens (Open up the heavens)
Let me feel Your shower (Let me feel Your shower)
The shower of Your presence
Every moment of each hour
Lord here's my hand (Lord here's my hand)
Cover me and (Cover me and)
Take me beyond
What I understand

Your love is greater than my thoughts-deeper, higher
Brighter than my hopes-burns like fire
Lighting up my soul-You inspire
Your love is always
Always moving me to tears-overflowing
Just like a waterfall-keeps on going
The wonderful thing about Your love-keeps me knowing

Your love is greater than my thoughts-deeper, higher
Brighter than my hopes-burns like fire
Lighting up my soul-You inspire
Your love is always
Always moving me to tears-overflowing
Just like a waterfall-keeps on going
The wonderful thing about Your love-keeps me knowing

It's renewing and refreshing (That's what Your love is)
Vital and life-giving (That's what Your love is)
Comforting and blessing (That's what Your love, that's what Your love, that's what Your love)
A place where I can run to (That's what Your love is)
A tower and a shelter (That's what Your love is)
Forgiving us forever (That's what Your love, that's what Your love)
That's what Your love is, Your love is

Renewing and refreshing
Vital and life-giving
Comforting and blessing
That's what Your love is
A place where I can run to
A tower and a shelter
Forgiving us forever
That's what I'm talking 'bout

Whenever I feel Your love on me
The tears begin to flow
I let myself go
And then I know
Your love is here, Your love, oh Lord
Whenever I feel Your warm embrace

Like the warm sun on my face
Your presence in this place
It lets me know Your love is here, Your love
