

# I'm Afraid To Love You

Freddie Hart

I'm afraid to love you afraid I might like it  
I'm afraid to hold you afraid I might like it  
For when your lips invite me to steal a kiss or two  
I'm tempted but oh but I never fallow through

I'm afraid you'll thrill me thrill me then leave me  
Oh what's another broken heart to you  
If I act just like a stranger it's because I see the danger  
I'm afraid to love you but I'm afraid I do  
So if I act just like a stranger..
