

# Lady Of My Life

Freddie Hart

Lady of my life helper of my hopes  
Sweet darling of my dreams  
What would I ever do without you  
Woman of my world soother of my soul  
Happy of my heart  
I'm so glad that you're the lady of my life

Of all the things you are to me I guess the part I'm fondest of  
Is that you always stand by me and give me every bit of your sweet love

Lady of my life knower of my needs  
Willing of my wants  
What did I ever do before you  
Woman of my world heartner of my plans  
Sharer of my schemes  
I'm so glad that you're the lady of my life lady of my life
