

Nothing's Better Than That

Freddie Hart

(Sweet angel baby) love you so much you blow my mind each time
we touch
And when we're lovin' uh nothing's better than that
You are my lover you're my best friend my pot of gold my rainbow's end
Oh what a feeling nothing's better than that

We go so good together heaven's just a kiss away
Everytime we hold each other passion has a holyday
I found a brand new world filled with the pleasures of love
Now we've got everything nothing's better than that
We go so good together...
