

Left Handed

Fredo Santana

I hit the streets and they so demanding
I get the work and it just landed
I trap out houses that's so abandoned
I trap out houses that's so abandoned
I trap out houses that's so abandoned
Smokin' dope with my right hand
So I'm whippin' dope like I'm left handed
Whippin' dope like I'm left handed
I hit the streets and they so demanding
I get the work and it just landed
I trap out houses that's so abandoned
I trap out houses that's so abandoned
I trap out houses that's so abandoned
Smokin' dope with my right hand
So I'm whippin' dope like I'm left handed
Whippin' dope like I'm left handed

In the kitchen with the work, got residue on my Margiellas
Ran up a check, I got these lame niggas jealous
Two AK's, ran like ain't no felon
Pull up on a nigga block and give his ass these weapons
I will whack a nigga that's close to you just to send a message
Pussy niggas too soft, I guess I'm too aggressive
So much money comin' in, shit I ain't even stressin'
Put that bag on your head just to show your gang a lesson
I sent a box and the bitch landed
In the field like I'm playin' Madden
Shit's gone when a nigga get it
Tryna find a plug that can be my ticket
I'm the plug, just being 'pecific
Ray Charles can see me winning
All this work, this shit terrific
I hit the streets, I'm 2Pac in it

I hit the streets and they so demanding
I get the work and it just landed
I trap out houses that's so abandoned
I trap out houses that's so abandoned
I trap out houses that's so abandoned
Smokin' dope with my right hand
So I'm whippin' dope like I'm left handed
Whippin' dope like I'm left handed
I hit the streets and they so demanding
I get the work and it just landed
I trap out houses that's so abandoned
I trap out houses that's so abandoned
I trap out houses that's so abandoned
Smokin' dope with my right hand
So I'm whippin' dope like I'm left handed
Whippin' dope like I'm left handed

Out of zone flight and I just landed
Run off with your shit, reprimanded
Overlooked, I don't understand it
Ask your ho 'bout me, don't recommend it
Ask your ho 'bout me, her name Sandy
I break her off like a piece of candy

I pass that ho just like playin' Madden
Good in your hood, yeah I'm nice and dandy
Left-handed, left-handed
I throw that stack with my left-handed
How you the man, you gettin' man-handled
We in the streets, boy you pan handling
We ain't into beef, I'd rather get me a check
Watch my flex, talkin' 'bout (woo)
I got next, talkin' 'bout (Lingo)
Dirty as a bitch
I cut the price at the cell store
Watchin' my back at the mailbox
I was duckin' 'til the shells stopped
You from the hood, you get shellshocked
Ten toes in my Timberlands
Run up the racks, yeah like Wimbledon
Nigga bitin' like an M&M
Nigga the same like synonym

I hit the streets and they so demanding
I get the work and it just landed
I trap out houses that's so abandoned
I trap out houses that's so abandoned
I trap out houses that's so abandoned
Smokin' dope with my right hand
So I'm whippin' dope like I'm left handed
Whippin' dope like I'm left handed
I hit the streets and they so demanding
I get the work and it just landed
I trap out houses that's so abandoned
I trap out houses that's so abandoned
I trap out houses that's so abandoned
Smokin' dope with my right hand
So I'm whippin' dope like I'm left handed
Whippin' dope like I'm left handed
