

## Road Trip

Fredo Santana

Load it up, it's a road trip  
I got money everywhere, I'm on my plug shit  
My amigo throw me kilos them just more bricks  
U-Hauls and truckloads, it's a road trip  
Road trip, road trip  
My amigo got them kilo's taking road trips  
Road trip, road trip  
Load it up and ship it out it's on a road trip

My amigo got them kilos taking road trips  
All this money in my spot I'm on my plug shit  
Truckloads in the car with a road bitch  
Getting caught with them bricks, you don't know shit  
'Lotta grams in the back weighing down the trunk  
Prices switch up every week, depends on what you want  
And when I first meet you, gotta tell me where you from  
And I can never play the back, 'cuz I'm from the front  
Money come, money goes I'm on a money hunt  
Call my 'migo say I'm done, ship another one  
Money come, money goes I'm on a money hunt  
Call my 'migo road trip, I need another one

Road trips with the bricks, tryna make it work  
Eight bricks in my trunk, I got major work  
Say your trap kinda slow? Well I'mma make it work  
Cocaine, ecstasy, kush, molly, purp  
Straight drop on the work, fiends go berserk  
Looking like an ate off is at my back door  
Straight drop on the work, fiends go berserk  
Looking like an ate off is at my back door  
Don't say shit bitch this a road trip  
And if the police pull us over then it's your bricks  
I can take a loss just rob my plug for more bricks  
And I don't carry guns unless they got a 30 clip
