Fredo Santana

My bitch bad I think I like her  
Aw thats my shawty she really really down for me  
She do whatever I say, she gone hold the weight  
And if she catch a case she ain't gone' say a thing  
Thats my shawty she really really down for me  
Thats my shawty she really really down for me  
My bitch bad I think I like her  
Aw thats my shawty she really really down for me

Yeah she down for me when no one is around for me  
When shit get fucked up when shit get ugly  
I swear she one bitch I can count on  
And on her phone "Rob My Plug" her ringtone  
I swear man I think that I'm falling for her  
I swear man I think I'm 'bout to spoil her  
And all you broke niggas can't afford her  
She got her own man I swear I can't ignore her  
And when she hit me up, she got some money for me  
She know I'm whipped I ain't like them other dummies

I can't fuck with chu if you ain't got your money up  
Broke bitches they be on some funny stuff  
Only wanna hang cause' I got my money up  
But I only want some head while I'm off this double cup  
When I give away she make sure it double up  
I swear man I can't find no other one  
I swear to god my bitch is super down for me  
She even go to Cali to get them pounds for me  
And if you try to rob us she got that thing on her  
That bitch gives me a finesse you can't ? on her
