

## Stay da Same

Fredo Santana

Change, nothin' ever stays the same  
People change, money change  
Change, nothin' ever stay the same  
People change, money change  
Change, nothin' ever stay the same  
Nothin' ever stay the same, nothin' ever stay the same  
Nothin' ever stay the same, nothin' ever stay the same

I'm Reese so how could I change?  
Play with my niggas, you can change  
I could not switch up for no change  
I seen nigga really change  
But me? I'm still the fuckin' same  
Play with me, I'm a go insane  
I got 30's up on everything  
That mean my gun they got them things  
I'm still up on the same block  
Play with my killas you get popped  
Play with the squad you get dropped  
Show no love for a fuckin' op  
For my op bitch, I want top  
And when I shoot, I aim for top  
So I can see the body drop, so I can see the body drop

All this money out here and I swear I need all of it  
Niggas fake as fuck but foolin Fredo? I can't fall for it  
Niggas say they ride, but will they really ride?  
Sayin' 300k shit, that's just suicide  
I done see a lot of niggas freeze up when it's that time  
I done see a lot of niggas snitch ain't wanna do no time  
I remember cold nights, broke as fuck, ain't had a dime  
Lost a lot of guys, sometimes I wanna press rewind, press rewind  
Sometimes wanna press rewind  
Thinkin' 'bout it right now, wanna grab my nine  
Grab my nine, grab my nine  
Let me see a op and then I blow him down  
These bitches come and go so I can't wife no bitch  
Ain't shit change, I'm on that same shit  
A lot of niggas switch when I got famous  
But I will never change over fame shit
