

A Little Kiss

Fredrika Stahl

A little kiss
Is all I'm asking for
Just a little kiss
And I won't expect more
Just a little kiss
Is all I need
Just a little kiss
And I take my lead

Jag vill bara få känna dina läppar mot mina
Trygghet och värme i famnen vi finna
Låtsas för en gång att endast va min
Bara få känna din hand i min

A little kiss
To show me that you care
Just a little kiss
Show me that you dare
Just a little kiss
And I set off to the sky
Just a little kiss
Give me wings, make me fly

Je veux sentir ton corps
Tout contre mon coeur
Et te savoir d'humeur à faire un effort
Le baiser de Doisneau sur les Champs Elysées
Ambiance tamisée
Un soir d'été

A little kiss
Is all I'm asking for
Just a little kiss
And I won't expect more
Just a little kiss
Is all I need
Just a little kiss
And I take my lead

Just want to feel your lips against mine
The smell of your skin and thoughts of your mind
Just want to pretend to be your true love
To caress your skin soft as a dove
Soft as a dove
