

# A World Beyond

## Freedom Call

Welcome to a land out of time and space  
Welcome come to a world beyond  
From where do you come and where do you go  
Your hearth will lead you home

Welcome to a land out of time and space  
Welcome come to a world beyond  
From where do you come and where do you go  
You never walk alone

Alliance of stumbled warriors  
The warriors of glorines  
Man of honour defend the light  
Back to back ascend delight

At midnight we can hear the call  
Undestood we stand not talk  
And whether hence you hear from far away  
.....

Hear the song of revolution  
And guide us all to paradise

Welcome to a land out of time and space  
Welcome come to a world beyond  
From where do you come and where do you go  
You never walk alone

Welcome to an anyone  
Together we are one  
From where do come, from where do you go  
Your hearth will lead you home

For all the ones who crave the promiseland  
The souls get out of devil's hand  
On wings of angels fly along  
Find your place in the world beyond

Hear the song of revolution  
And guide us all to paradise

Welcome to a land out of time and space  
Welcome come to a world beyond  
From where do you come, where do you go  
You never walk alone

Welcome to an anyone  
Together we are one  
From where do come, where do you go  
Your hearth will lead you home

Come and follow us  
We enter the gates  
Your mind is the golden key  
Ride with us on a wings of fame  
On the wind of empathy

Follow us to the garden of eternal life  
The hammers of light has come tonight

Oooohoho...  
Never walk alone  
You never walk alone  
To world beyond

Welcome to a land out of time and space  
Welcome come to a world beyond  
From where do you come and where do you go  
You never walk alone

Welcome to an anyone  
Together we are one  
From where do come, where do you go  
Your hearth will lead you home

Oooohoho...  
We we lead you, together we are one  
Oooohoho...  
where do you come, where do you go  
Oooohoho...  
Never walk alone  
To a world beyond
