

# Forever Loving You

Freestyle

All my dreams have now come true  
Now that I am here with you  
Life was, oh, so lonely  
Until you came my way  
Now that I have you beside me  
I just want to say

That I give my world to you  
And I promise to be always true  
And I swear that from today  
I will stay this way forever loving you  
Mmm oh  
You
