

Gonna Get Your Love

Freestyle

Baby baby baby
I've been lookin' at you lookin' at me
And I was just thinkin' maybe maybe
You'd want to feel some ecstasy
With somebody you like
Baby wanna be the one
Wanna be with you 'til the morning light
Oh baby
Gonna find a way to you
There's nothin' else I wanna do
Wohoh when I hold you near me
Hold your body next to mine
Oh lovin' you, it seems so easy
Boy you make me crazy
Crazy 'bout you, sharin' good love to me
Finally found one fine man
And from now on I belong
To you baby there's no one else
I long to have you next to me
Oh baby can't you see
I'm gonna love you
My baby don't you know
Squeeze you and hold you tight
Loving you is all I want now
Honey gonna make you feel right
You know I need you so
Listen baby
Just the way you want now
Baby
I'm gonna love you
Gonna give you all I've got
We'll do it just the way you wanna baby
Ooh yeah
Baby you got it goin' on
Makin' me feel much stronger
We'll be making sweet love the whole night long
I would never ever see it any other way
No way am I gonna let go
No I ain't goin' nowhere
Honey we'll take it real nice and slow
We'll take each other there oh baby
Gonna find a way to you
Ain't nothin' else I wanna do
See, you've got it all figured out
We could get together
You're gonna see what love is all about
Take you to the limit, baby gonna let you know
Your love is all I need
Every little thing about you baby
Let's just go on and you'll see what I mean
Gonna let you know
I long to have you next to me
Oh baby can't you see
I'm gonna love you
My baby don't you know
Squeeze you and hold you tight
Loving you is all I want now

Honey gonna make you feel right
You know I need you so
Listen baby
Just the way you want now
Baby
I'm gonna love you
Gonna give you all I've got
We'll do it just the way you wanna baby
Ooh yeah
You know I want to give it to you
Give it to you baby
And honey I know
No no no no no no
I could never never ever
Live without you
Take me in your arms
And never let go (don't let go)
Oh lady lady lady
I want you to know
I'm gonna love you
My baby don't you know
Squeeze you and hold you tight
Loving you is all I want now
Honey gonna make you feel right
You know I need you so
Listen baby
Just the way you want now
Baby
I'm gonna love you
Gonna give you all I've got
We'll do it just the way you wanna baby
Ooh yeah
I'm gonna hold you tight
Gonna make you feel so right
So listen to me baby
Gonna give you all I've got
Never never stop
