

You Wanna Be With Me

Freestyle

You came and changed my life
i knew you would bring joy to me
'coz you gave me your smile
and now i know that love is real
you taught me how to feel
what i never knew was true
you keep me believing

(chorus)

now, now i realize
just how good my life could be
with one look in your eyes
and i - i finally feel so free
i finally found somebody
who'll love me indefinitely
someone i'll always believe in

i used to live without
any sight of love from me
living each day in doubt
now you gave me just what
i've been looking for
what i never had before
you give me your all
and that's what you're all about
You are the one who made me see
you are the one who set me free
you are the one - gave me all your time
you are the one - always on my mind
you are the one i will have and hold
you are the one with my heart and soul
you are the one - never let you go
you are the one - really love you so
